This application is applicable for new swimming pools whereby either a contract has been entered into or the purchase took place on or after December 1, 2010. This application form **must be completed** by either the SA Water account holder or tenant. If the SA Water account or tenancy is in the name of more than one person it is acceptable for one only of the named account holders or tenants to complete the application. It is also acceptable for more than one to do so.

Please note **all fields are mandatory** and must be completed for the application to proceed. Applications are assessed on a case by case situation and permit approval is based on all the required information being provided to SA Water. Please allow 10 business days from lodgement of application for permit approval/assessment.

1. Applicant / Property details (N.B. S

Title (please tick) Mr Miss Mrs Ms Other (please specify)

First name Family name

SA Water account number _ _ _ _ _ _ _ _ _ _ Owner Tenant Residential Non-residential

Property address

Suburb Postcode

Phone number - Office hours Phone number - After hours

Mobile

Email

2. Authorisation details

(Applicants who are under a leasing arrangement or other arrangement and whose names do not appear on the SA Water property account will need to obtain authorisation from the account holder through their signature below. The account holder, by signing the below section also authorises the historical and current water consumption details and associated financial charges be supplied to the permit applicant and that it remains the account holder's responsibility to organise the payment of the SA Water account) **Please disregard this section if the account is in your name**

I/We hereby authorise the above applicant to submit a new swimming pool application form for the property detailed on this form.

I/We understand that if a permit is approved by SA Water that the above applicant will be responsible for the conditions outlined in the permit and that SA Water may provide water consumption details to the permit holder from the SA Water account relevant to this property.

I/We understand that it remains the account holder's responsibility to organise the payment of the SA Water account.

Full name Organisation name

Property and SA Water account details correct? Yes No

General conditions for granting permits

SA Water may issue permits under Part 6 of the Water Industry Regulations 2012 .

1. The submitted application must be filled out with each applicable section completed and signed by the SA Water Account holder/s or tenant/s of the property for which the permit is being applied for. If the tenant has completed the application form, section 2 must be filled out and signed by the SA Water account holder/s of the property where installation will take place.
2. Appropriate access to the property for which the permit is being applied for will be provided to enable the South Australian Water Corporation to conduct a site audit should further information be required to complete the approval process and/or to ensure the terms and conditions of the approved permit are being adhered to.
3. Appropriate documentation is attached with the application (refer to section 4).
4. The SA Water account holder/s and or tenant/s must demonstrate a commitment to water efficiency initiatives on the property for which the permit is being applied for (refer to section 5).
5. If approved, concrete pools will be provided with a 60 day period to fill and fibreglass, above ground and temporary pools will be provided with a 30 day period to fill from the requested date nominated on the application form.
6. All specific requirements contained within the permit including full terms and conditions must be adhered to.
7. Information provided on the application form which is related to the swimming pool may be used for statistical and benchmarking purposes. Personal information will not be disclosed except in accordance with SA Water's privacy policy a copy of which can be found at SA Water's website sawater.com.au.
8. SA Water supplied drinking water must not be used contrary to the current Water Wise Measures until formal written advice from SA Water Corporation advising that an exemption request has been granted, failure to comply may result in a fine being imposed.
9. It is the applicant's responsibility to ensure that all relevant fencing and other safety requirements are met prior to filling your pool. SA Water does not monitor compliance with planning, building or safety regulations that apply to pools and spas and accepts no responsibility in this regard. The issue of a permit only operates to authorise the filling of a pool with drinking water and does not relieve the permit holder from complying with applicable legislation such as planning, building and safety requirements. Please visit the Swimming Pool and Spa Association of Australia (SPASA Australia) website spasa.com.au or contact your local council for swimming pool/spa safety and regulations.
